EXPERIENCE

SHIPPING AGENCY SERVICES

We offer an impressive array of lay-up services. And if what's on offer isn't quite enough, nearby port facilities extend the range of services even further

SHIP TO SHIP (STS) OPERATION

We have an extended professional partnership with experts to handle full and complete coverage of STS operations safely in accordance with international guidelines and regulations

MEDICAL AND COVID TEST ONBOARD

We are specialized in medical and covid test onboard at Johor Anchorage. Medical certificate lab will be ready to you within 24 hours

OFF-PORT LIMIT SERVICES

Off Port Limits services rendered are in operation 24 hours a day 365 days a year and boast an unbeatable safe record. We will always give the best option available bearing in mind individual requirements

IN-PORT VESEL OPERATION

We apply our approach in various ways throughout the project life-cycle including optimizing port layout, minimizing vessel downtime, reducing sedimentation, and designing suitable marine and coastal structures

FOWARDING

We envision a complete digitization of end-to-end freight transactions between shippers, consignees, and suppliers across the logistics supply chain

LOGISTICS

We are offering customs and logistic services with a young professional staff with wide experiences in the field of foreign trade

OUR SPECIALIZATION

Our goals is always to ensure we meet our client's needs and expectations by providing services at the highest level of technical as well as quality standards and continues to develop its position as a one-stop centre for marine support services and total logistics provider within the region. We are expertise to the highest safety level of personnel, equipment and the environment.
